Un marmo davvero sorprendente che proviene dall'Estremo Oriente. È fortemente caratterizzato da uno sfondo bianco, accentuato da linee di un nero intenso a strisce più larghe o onde più spesse, il tutto completato da una cristallizzazione bianca su fondo chiaro che ne sottolinea la trasparenza.

It is a truly surprising marble from the Far East. It is strongly characterised by a very white background, accentuated by intense black lines with wider stripes or thicker waves and all completed with a white crystallization on the clear base which highlights its transparency.
